

## **Erections All Risks**

This insurance covers the insured against accidental loss or damage to plant and machinery during installation, testing and commissioning due to any causes except those explicitly excluded. It also covers the insured against any legal liability to compensate third parties for death, bodily injury or damage to their property arising from the incidence of events giving rise to claims under the policy.

### **Who can benefit from this insurance cover ?**

This cover is critical for all those involved in the installation, testing and commissioning of plant and machinery and who would ordinarily be liable to compensate aggrieved parties if there was no such insurance cover.
